Message from the President

Rev. A.J.C. Chhatrya
President

With deep heartfelt gratified to God for his leading and guidance through the life of work of SCD, it is my immense privilege and pleasure to write few lines as we present the annual report of SCD for 2021.

This tenure has been very critical with many tragedies, difficulties of problems from all sides. But God has provided himself to be our guide of compassion and a very pre-sethelp in trouble. We are grateful to him for timely intervention.

The sudden demise of Mr. Sushanta Kumar Maharana, our the then secretary and sudden outbreak of COVID-19 pandemic, which brought a standstill situation to our ongoing programme. Adding to it, the serious health problem I had to go through with multiple heart blockage and to had to go through by-pass surgery. God in his grace has given me new life and I could manage to complete the tenure.

In the maddest of all these we could inaugurate our operation theatre, which is one of its kind(unique) in Western Odisha. We are indeed indebted to CBM for their dedicated committed efforts to involvement in making it possible, although with the generous contribution of CBM we could distribute wellness kits, hygiene kits and grocery kits to poor, needy, and disabled people in the target area.

As the situation got better, we slowly stand our regular programme. Now it has taken momentum, in the critical period when COVID-19 pandemic was a threat to whole world. We could manage to keep our staff providing them their necessities. All these achievements are possible due to the co-operation of hard work of the staff; the constant prayer, moral and financial support of CBM, the able leadership of Project Director Mr. M.M.Das and faithful associate like Field Co-ordinator Mr. Sailendu Kumar Nanda, Amitabh Behera, Project Coordinator and above all the heavenly blessing of God.

We continue to look to him and trust Him for guidance with an upward vision and in ward commitment to face the challenges ahead and be able to hear from the heaven well done, my faithful servants.

Message from the Secretary

Mrs. Anjali Behera
Secretary

It is my great pleasure I commend this Annual Report 2021 to all our stakeholders. I am extremely proud to be associated with SCD Eye Hospital.

We look ahead to make this Eye Hospital a comprehensive eye care centre. My appreciation to our Board of Management for their prospective guidance, our SCD eye hospital family for their unstinting support in delivering highest quality eye care services.

I wish SCD Eye Hospital the very best for a long future and excellent growth enabled by a partnership with CBM and support from our large community of stake holders.

From Project Director's Desk

Mr. Mohit Mohan Das
Project Director

I am delighted to present the Annual Report 2021 of SCD Eye Hospital. The beginning of the New Year is always a difficult stepping –stones, but this year has been one of the most challenging to the hospital.

The event of 2020 and the impact of the COVID-19 pandemic were unexpected and challenging. However, this unexpected situation presented the SCD Eye Hospital with an opportunity to reflect and re-focus on our core vision and purpose with revitalised strategies plan in 2021

Addressing the unique challenges of delivering quality eye health care to rural, remote and indigenous communities through SCD Eye Hospital was a challenge during the period.

We are very much thankful to our partner of more than three decades, CBM, for donating a “Modular Operation Theatre” for providing better eye surgeries and care to our needy patients. We would once again like to extend a warm thanks and grateful to our partner CBM for helping us and always standing side by side to extend their help for providing quality services for eye care.

I also wish to thank our wonderful Managing Committee and Staff for their dedication and hard work during this year. Lastly but not the least I also thank our valued supports.

About the Organization

Services Centre for the Disabled is registered under society registration Act 1860; the head office is situated at Titilagarh of Bolangir District of Odisha, started its journey in 1985; by providing services for the socio-economic development of the deprived, marginalized group in the society particularly focused on Persons with Disabilities in the western part of Odisha. With 31 years of successful operation SCD today is recognized as one of the front ranking NGO in the western part of Odisha working in the field of disability. Our sincerity, accomplishment and experience, SCD has been consistently approached for partnership, alliance, orientation and training. Today the organization has a deep rooted understanding and experience in various fields such as Rehabilitation, Comprehensive eye care surgery, and micro-credit, promoting and strengthening Disabled People's Organizations and many more.

SCD Eye Hospital building was constructed with the financial and technical supported from CBM. Initially, it was established to provide eye care services to the people of Balangir district only but in the pursuit of growth and expansion with the support from CBM, relentless efforts and commitment put in, by its staff members and voluntary cooperation from the local community, it enables the SCD to serve people belonging to other remote places beyond Balangir district i.e., Kalahandi & Nuapada Districts.

Audited financial application of funds for last three years

Vision

An inclusive society where the people with disabilities enjoy equal opportunities and enhanced quality of life

Mission

To provide accessible and affordable rehabilitation services to persons with disabilities through eye care services in the target area.

To Provide quality education to children with disabilities and enrolled their names.

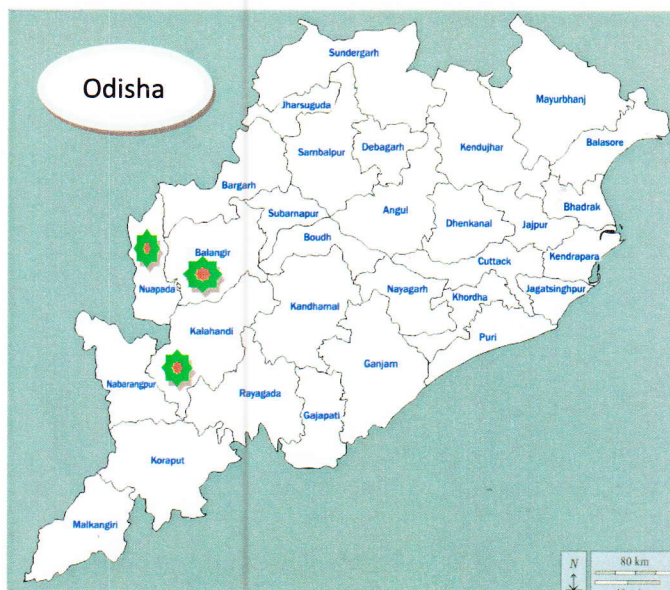

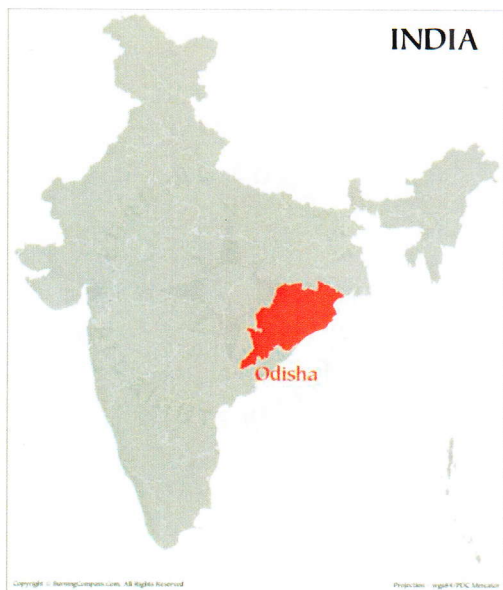

Capacity building of project staff, ASHAs, Anganwadi Workers, PRI members and Community Leaders & Govt. Officials on eye health & livelihood programmes.

Social mobilisation & empowered through livelihood opportunities to persons with disabilities and their families.

Operation Area:

We are working in the poorest part of western Odisha i.e., KBK districts (Balangir, Nuapada, and Kalahandi)

Map:

SCD Eye Hospital Operation Area

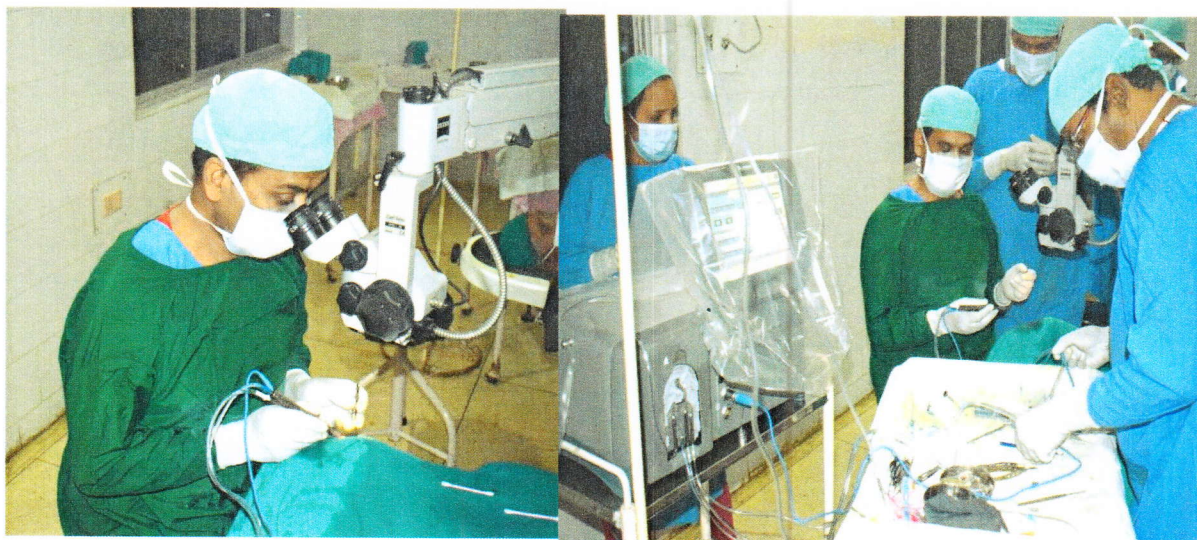

Board of Directors & Management Report

SCD has a board consisting of seven members. It has delegated a significant part of its tasks to Project Director, who implements as well as initiates the organization's policies. The project director manages and performs his duties according to a set of regulations describing the director's responsibilities and authority. The project director is accountable to the board.

The board approves the policies and annual plans and budgets that are prepared by the management and reviews them thoroughly. By doing so, the organization ensures that administrative and supervisory positions remain strictly segregated. Where necessary, the Project director will call on the expertise of board members to assist with implementation. The supervisory board of the SCD met four times in 2021.

EYE HEALTH

Dr. H.S. Patra conducting eye surgery at SCD's operation theatre

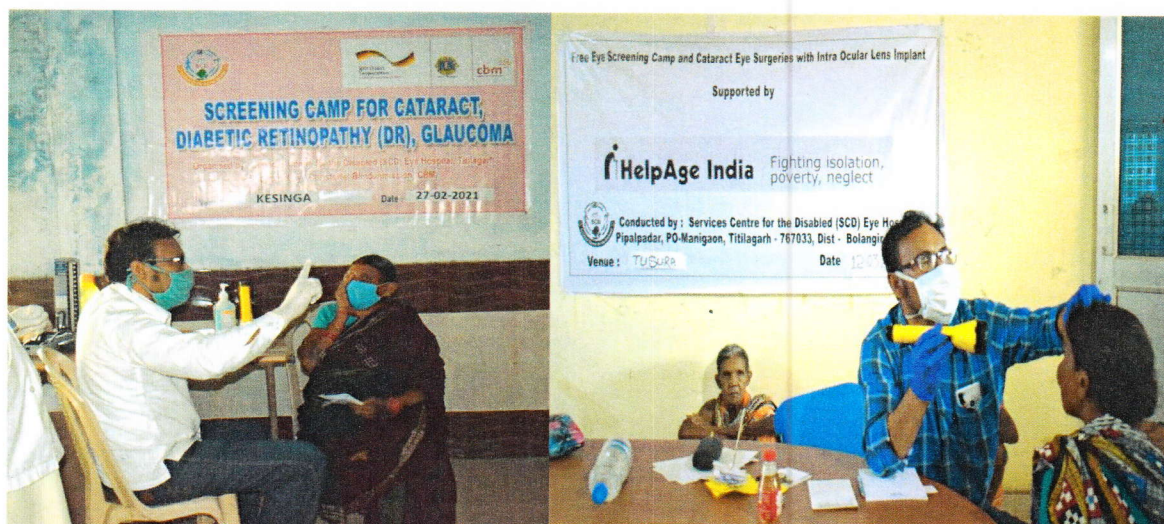

To reduce visual impairment due to uncorrected refractive error and cataract among the population of three districts i.e. Balangir, Kalahandi and Nuapada. SCD Eye Hospital has been providing the eye care services to these populations irrespective of caste, creed, and race.

Despite COVID-19 pandemic SCD resumed its operations, it took a long time to get back its usual patients footfall.

Outreach eye screening camp

Eye screening camp at Kesinga of Kalahandi district and Tusura of Balangir district

To enhance the access of eye care services at the grassroots level, SCD Eye Hospital has been continuously running the outreach eye screening camp in three districts i.e. Balangir, Nuapada and Kalahandi. Despite the adverse condition of COVID-19 pandemic, we organised 104 camps different remote places, 16331 people including school children received eye examination and treatment at community level. It has been associated with the following organisations for cataract surgeries.

- *District Blindness Control Society, Balangir
- * BSKY (Biju Swasthya Kalyan Yojana)
- *CBM, India
- *Help Age India

Meanwhile public awareness was also created through distributing posters, pamphlets etc. Similarly, different awareness messages were printed on walls to create awareness among the community people.

Observed world sight day 2021

Lions members of Titilagarh risingeye
OphthalmologistAwareness in the community

Post Operation Cataract Surgery Photo with Dr. Pranati Sahu

World Sight Day-2021 is globally observed on 14th October 2021, the day aims to raise awareness about eye health and to recognise the work done by ophthalmologists across the world. This year's the world sight them is "Love Yours Eyes" .Our eyes play important role in our life and vision impairment and eye-related issue can major disruption and discomfort in life.

Like all other parts of the world, the day is also being observed by Services Centre for the Disabled (S.C.D.) Eye Hospital, Titilagarh, Odisha and Lions Club, Titilagarh, Odisha jointly for Eye Health and undertaken different initiatives to raise awareness on vision impairments.

To address this concern, every year, SCD Eye Hospital has been planning and executing several of activities in the targeted area.

This year the following activities were done on this occasion

Awareness on eye care such as Cataract, Glaucoma, Diabetic Retinopathy, Refraction Error and other eye diseases in the Titilagarh town and nearby villages.

Further we also conducted eye screening camp for cataract surgery at Jogimunda on the occasion, the details are given below;

11/10/2021	Jogimunda	49	52	101
14/10/2021	Jogimunda	33	35	68
Total		82	87	169

Success Story

Remove the cloud from Mrs. Gastri Malik eyes

Background

Mrs. Gastri Malik, 55 years old, W/o Late Malakeda Malik resides at Kursud of Kursud G.P of Titilagarh Block of Balangir District. Her family comprise of two members i.e. Son (Dhule Malik, Age-22 yrs) and herself. 2 years later she has got Biju Pacca Ghar. They have no cultivation land. Her son stay out of state (Raipur C.G.) for his livelihood, there he is working as a daily wage worker under a construction contractor. He is sending little money to his mother for meet her daily expenses. Also Mrs. Gastri gets pension Rs 500/- and 10 KG rice per month from Govt. Odisha

Mrs. Gastri complained of low vision for over a year, gradually the vision became worse. She faced difficulty in her daily home chores as well as unable to go outside work. She did not participate in any cultural and social function.

Mrs. Gastri did not come to the hospital for eye check up due to fear and poor financial condition. The SCD's social worker and the villagers have been motivating her several times but she did not come to the hospital for surgery. Once she tried to come to the base hospital but she fell in severe fever.

Intervention by SCD Eye Hospital

On 03rd and 04th 12/2021, the evaluation team came to SCD for evaluation. On 04th /12/2021, Mr. Sailendu Nanda Field Coordinator, Mr. Prasanta Pattnaik, Social worker, Mr. Saumya Ranjan Grahacharya and Ms. Rajeshree Rout proceeded to Kursud for field visit, during the field visit the team identified Mrs. Gastri. About two hours struggle by the team and villagers Mrs. Gastri became ready and came with the team to base hospital for eye surgery.

The doctor had diagnosed her with cataract in both eyes, and had advised Mrs. Gastri to undergo surgery for the same. Soon after that, Mrs. Gastri underwent surgery.

Mrs. Gastri's Pre-Operative vision in **Right Eye Vision** was (PL+PR) and **Left Eye Vision** was (PL+PR) respectively. She got operated upon her **Right Eye** on 05/12/2021 and on the next day of surgery her Post -Operative **Right Eye Vision** was (6/12). After seven days on the first follow up her vision was improved to 6/9

The financial condition of Mrs. Gastri is poor, therefore the cataract surgery was done in **4134 MYP (VISION FOR ALL)** Scheme, supported by CBM. Which is enabled Mrs. Gastri to undergo cataract surgery free of cost at SCD Eye Hospital.

Life after Intervention by SCD Eye Hospital

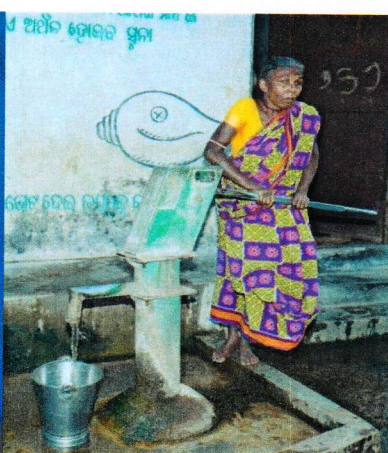

This surgery enabled Mrs. Gastri to resume her day to day activities. She was very satisfied with the result. She showed the immense gratitude towards SCD Eye Hospital and staff, for the support rendered to her.

Lesson Learned

Still people are unaware about the good eye health practices and there is a fear of eye surgery. The poor financial condition is another burden for them. There for there is a need of eye awareness programme as well as outreach eye camp in the community.

Second Wave Response COVID-19 Response:

From left Mr. M.M.Das, Project Director, Mr. Amiya Chhatritya, Chairmain, Shri Mahajan Manoj Satyawar, IAS, distributed the ration kit, hygiene kit and wellness kit to PWDs Titilagarh, Mr. Tapas Ku. Maharana, Treasurer.

The COVID-19 pandemic has completely changed our lives. These are truly unprecedented times that have affected the nation's healthcare systems, leaving millions at the risk of exposure and adding livelihood challenges for many, including Persons with disabilities. At SCD, it is important for us to do our part. We are committed to collaborating, engaging with communities and being a valued contributor to the society, at all times. COVID-19 does not and will not change this. Our primary role is to ensure a reliable supply to essential services such as eye healthcare, food distribution and sanitization.

Along with keeping our employees, contractors and customers safe, we are safeguarding access to critical products and ensuring that community has the resources they need during this crisis. As the impact of COVID-19 grows, so does the demand for social services. We are especially mindful of those experiencing hardship during this time and are responding where we can to the evolving needs of the communities. We along with our partners CBM INDIA TRUST and staff volunteers have made an impact on the lives of more than 150,000 people starting from April 2020. Recognizing that PWDs and Vulnerable groups of the

Ration Kits distributed by MS. Anjali Behera, Secretary & DSSO Balangir at Bijepur

community have lost their source of livelihood due to COVID-19, SCD in collaboration with CBM INDIA TRUST distributed 300 grocery kits, Ensuring that families have access to essential items like wheat flour, lentil, rice, oil and sugar that will support them for a few weeks. Rev. A.J.C. Chhatritya, Chairman, MS. Anjali Behera, Secretary, Mr. Tapas Ku. Maharana Treasurer, Mr. M.M. Das, P.D, DSSO Balangir and Sailend Nanda field Coordinator & SCD's Staff distributed Ration kit, Hygiene Kit and Wellness kit to PWDs at Bijepur.

Ensuring safety and wellbeing through hygiene kits & wellness kits ,SCD in collaboration with CBM INDIA TRUST distributed more than 900 hygiene kits, 675 wellness kits and helped in creating health awareness among PWDs and Vulnerable group in the communities during these difficult times.

SCD will continue to provide its available resources towards COVID-19 relief efforts across SCD's operation areas to support the people in need, and help reduce the impact on daily life of PWDs, economically marginalized & vulnerable people in the community.

Sri Subham Kalyan Rana, BSSO, Titilagarh Block and SCD's staff distributed wellness kit to PWDs at Parsara.

Conclusion

The aging of the human eye involved a series of changes in visual performance that can be readily detected in the healthy adult. Reduce visual functioning will effect on job performance.

In order to make it possible for all visual impairment person productivity, it will be necessary on our part to have common goals to make them productivity.

Around 80% of the information from our surrounding environment that reaches our brain comes from our eyes. The visual cortex is located at the back of the brain and is the primary section that receive integrates and processes visual information that the retina of the eye treatment. These fares the human eye is important.

We are committed to restore the eye of the people in our targeted area by providing them better comprehensive eye care.
